2:15pm MT	Spanish MS – Begin Lang Arts G10-12 – B	Spanish MS - Begin	Spanish MS – Begin	Spanish HS – Int/Adv	Math Tutorial G7 Lang Arts G8-9 – B

Notes:

- Most grades have two sections (with different times) for the math tutorials. Students can choose which one to attend.
- Some of our language arts classes meet twice per week, and have two sections (with different times). Students can attend either the “A” or “B” section.
- * indicates that this section will only exist if enrollment is sufficient.
- ^Δ indicates that this course takes place only in the second semester.
- All main lessons meet starting at 9:15am MT. A second section (at 8am MT) will be offered only for some selected science courses in grades 6-8.
- Math groups meet twice per week – once on Tuesday, and once on Thursday. We have set aside two possible times in the schedule for these math group meetings. For high school, these times are 10:30am MT and 8am MT. For grades 5-8, these times are Tuesday and Thursday at 10:30am MT and 7am MT. We request that families do their best to make these times available for this purpose. After group membership has been announced (in August), each group will decide which of the two times works best for everyone in the group.
